Mr. William T. Walker
Assistant Township Manager
Horsham Township
1025 Horsham Road
Horsham, PA 19044

Dear Mr. Walker:

Imagine another animal's home, destroyed. Now, imagine if the other animals did that to you! You wouldn't like that, would you? If you listen to these words I write, you will see why you should just deny PaveItAll's request to tear tree by tree down in the woodlands.

First, with all due respect, the animals depend on other animals to eat. Then, if an animal is forced into extinction (by us) then other animals will soon disappear. What's next? The human species will be next! If you proceed with tearing down the forest, you will experience dire consequences! So I merely suggest you deny these requests!

Next, these requests to tear down other creatures' homes will waste time and money! Imagine, you will use a steamroller with gallons and gallons of gas. Think of the money you will need to destroy the entire woodlands! That is a lot of money. Imagine bankruptcy in Hatboro-Horsham! I suggest you do not put us all in danger of the second Great Depression!

Please, I hope you will choose the right decision and deny PaveItAll's request. The future of the woodlands depends on your wise decision! Choose wisely. Remember, animals are the life cycle of all living things and the request will just waste time and money.

With All Due Respect,

Aliyah G.
